When people hear my name they smile. I am the Holy Man bringer of light and spreader of positive energy, A lover, A hugger, The Healer, The teacher of teachers, I hear and listen to the universe, I am a man of words and breath. I like to share my intentions. So it is clear where I come from and how I live my life. My intentions as always are with and from my heart with unconditional self love; which I see and perceive as unconditional love for all that is; for all that is, is me and, apart of me. In these intentions I have the highest request, encouragements, and appreciations of love, peace, and positivity. Anything other is not of me.

About;

I would like to share some of my own personal truths. We are always the best us there is; for no one is us or could ever be us; therefore, no matter the moment. We are always the best us there is. There is no such thing as the wrong path; for it is our path. Therefore we are always exactly where we need to be; when we need to be, according to divine right timing. A smile is the smallest act of kindness we can share with anybody, but it can have the biggest positive impact on all around us. There is no such thing as too much love, thanks, or gratitude. We can learn something new everyday. The best teacher is always a student as well as experience. The most beautiful blessing we can share with another is Breath. Infinite and free. The best present is presence. There is no such thing as bad art. For art is but self expression. We are all ever growing; evolving works of art, tapestries of self expressions. Work is not work tis a hobby I am paid for hahahah
